MEDIA RELEASE

PUBLIC SECTOR CONSTRUCTION DEMAND IS EXPECTED TO INCREASE THIS YEAR

6 January 2017 – The Building and Construction Authority (BCA) projects **the total construction demand or the value of construction contracts to be awarded this year to reach between \$28.0 billion and \$35.0 billion, higher than the preliminary estimate of \$26.1 billion for last year.**

2. The projected stronger construction demand is due to an anticipated increase in public sector construction demand from about \$15.8 billion last year to between \$20.0 billion and \$24.0 billion this year. The public sector is expected to contribute about 70% of the total construction demand, boosted by an increase in demand for most building types and civil engineering works.

CHALLENGES AND OUR SOLUTION

- Getting the right project team to work on the opportunity
 - To bridge skills and knowledge gaps of team members
- HR management skill is always being put to test
 - Goes through rigorous Recruiting, Retaining and Retraining cycle
 - Seeks to provide employees comprehensive learning and training
 - Managers leverage on CADLearning content for new-hire training and assessment
- Readily available to teams online, anytime, anywhere
 - Available 24/7 and 365 days
 - Includes videos, exercise files and assessment
- Replacing costly or ineffective alternatives with online learning

OUR VALUE PROPOSITION

- We would like to introduce LOOP.sg

- In partnership with  CAD Learning®
design your future

- ❖ The 1st Autodesk Authorized Publisher for

AUTODESK UNIVERSITY

- ❖ Produced 50+ Autodesk Products & 35,000+ Video Lessons

- ❖ Courses curated by industry experts with over 30 years of experience

- ❖ Worldwide access at anytime on your fingertips

- ❖ Customize your own learning playlists

MANAGEMENT BENEFITS

Track Progress and Gain Insight Through Analytics

Share Internal Video Workflows & Create Custom Training

Reduce Internal Support – Provide Training at the Point of Need

Identify Skills and Knowledge Gaps – Create Individual Learning Plans

USER BENEFITS

On demand, point of need learning

24X7 support and refresher training at your fingertips

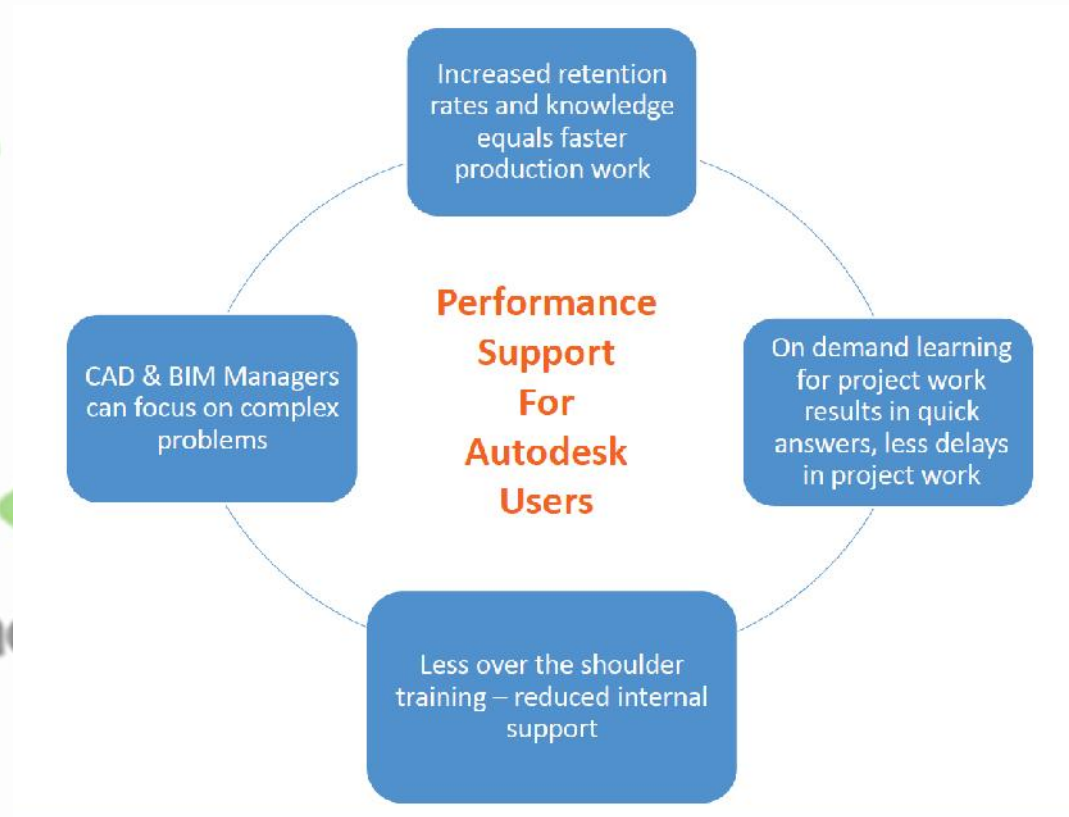

Learning at your convenience – No time to attend Instructor-Led training due to project demands and budget constraints?

Keep up with new features and UI changes

PRODUCTIVITY GAINS

IMPORTANCE OF TRAINING

KEY PROBLEM with absence of training – “Misinformed”

Employees may resort to "google" the wrong solutions, resulting in time wasting and reduce in efficiency and effectiveness.

IMPORTANCE OF TRAINING

“Training is crucial for organizational development and success. It is fruitful to both employers and employees of an organization. An employee will become more efficient and productive if he is trained well.”

REASONS WHY TRAINING IS IMPORTANT?

I CAN DO MY
JOB BETTER

COMPANY CAN
DO BETTER

ENHANCE
MY CAREER
